## A Letter from Brandon Stephens

To the CRN Members,

It is a great honor to serve as the President of the Commercial Relocation Network. As with many of you, I've spent my entire career in this business experiencing various roles, engaging in different civic, charitable and trade organizations, meeting a lot of great people. I have no hesitation in saying that CRN is best of best and to represent this organization in this capacity is one of the proudest accomplishments of my career.

As President, my goal is to listen more than I talk and be thoughtful in the decisions entrusted to myself and the rest of the Board of Directors. Warren Buffet is quoted as saying "Someone's sitting in the shade today because someone else planted a seed a long time ago". The seed of this organization was planted a long time ago by four great individuals and today we enjoy the shade from their efforts. I believe it is our responsibility to recognize that the opportunities we've been given did not come without the actions of those before us and continue to plant seeds for those who will come after us in this group.

To the membership, I want to thank you for all of the support I have already received. To the Board, I want to thank you for this opportunity and for your efforts past, present and future. To Scott, I want to thank you for the example you've been, the time you've given to CRN and to me personally.

I am truly excited to be part of this group as we move into the future and look forward to sharing more time with each of you.

With gratitude,

Brandon Stephens  
President
