## **CRN Local Sponsors**

CRN Conference, San Diego is just around the corner and through our sponsors both National & Local we can enjoy a great venue with great events to enhance our meetings.

This is the time of the year we really need the efforts of our members to help drive the local sponsor revenue. We have a LONG way to go in a short time.

We currently have 6 local sponsors signed up with a few more commitments but as of this moment we are less than 10% of our membership on-board. We will start updating weekly so let's see if we can get a big push in the next week.

If you need any assistance with getting a local sponsor signed up, please reach out and let us know.
